WOMAN IS TROLLEY AND BOUND AND SLAIN

Aged Widow Found Strangled to Death in Room Under Blanket

SAN FRANCISCO, Nov. 26.—Strangled to death, her hands and feet tied with a portion of a clothesline and her throat encased in a cloth, the body of Mrs. Lena Jones, a widow 80 years old, was found in the diningroom of her home, 236 Precita avenue, shortly before noon today. The motive for the crime may have been robbery and detectives are busy investigating. Joseph Jones, a tailor, who has his shop above the house which he and his mother, the murdered woman, jointly occupied, found the woman dead. He informed the police that he left the house at 8:30, and returning at 10:30 found his mother lying in a corner of the dining-room with a heavy blanket thrown over her. He was too terrified to investigate and hurried to the grocery at Precita avenue and Shotwell street conducted by a Mrs. Hayes. The latter returned with him and Mrs. Jones' real condition was learned. At that time she was breathing faintly and the Mission station was notified. PROBABLY SUFFOCATED. When Policemen Lynch and Dalton reached the home they rushed the woman to the Mission hospital. An examination by Dr. Louis revealed the cause of death. (Continued on Page 2, Col. 5)

TROLLEY AND WAGON IN WRECK

Two Men Hurt, One of Whom Will Probably Die From His Injuries

Accident Occurs at Twenty-Second Avenue and East Fourteenth Street

WOMAN KILLED IN AUTO WRECK

HAYWARD, Nov. 26.—Mrs. J. N. Long of Modesto was killed in an automobile accident on the Dublin boulevard this afternoon. Mr. Long, her husband, was driving a five-passenger new automobile. Just as he reached the top of Baker Hill he tried to shift his car, but failed. The machine started to back down hill at a rapid rate of speed. The brakes would not hold the car. In the excitement Mrs. Long grabbed the steering wheel, which was being manipulated by her husband. Suddenly the machine swerved from the road and dashed over the embankment to a creek below. Mrs. Long was crushed to death beneath the machine. Long was not injured.

Jury Declares Ettor, Giovanni and Caruso Are Not Guilty

Kissed by Men and Congratulated by the Women in Courtroom

SALEM, Mass., Nov. 26.—"Not guilty" is the verdict of the jury in the case of Joseph G. Ettor, Arturo Giovannitti and Joseph Caruso for the murder of Anna Lopizzo, who was killed in the Lawrence textile strike riot last winter. The jury entered the courtroom at 8:20 o'clock. Immediately thereafter the prisoners, each wearing a red carnation, were brought to the case in the center of the room. All were smiling. Judge Quinn ascended the bench at 8:24 and asked if the jury had agreed upon a verdict. "We have," said the foreman, as he handed it to the court bailiff. "Joseph Caruso, stand up!" commanded Clerk George. As Caruso obeyed the clerk called: "Caruso, face the jury. Gentlemen of the jury, is Joseph Caruso guilty or not guilty?" "Not guilty" was the unanimous reply. Ettor and Giovannitti were likewise commanded to rise and again the jury chorused a verdict of "not guilty" for each.

GERMAN AND AUSTRIAN RESERVES IN AMERICA PREPARE TO REJOIN COLORS

SERBS NEAR PORT OF DURAZZO

Continued Tension Adds to Difficulty of Diplomats in Keeping Peace

TURKEY WANTS TO RETAIN ADRIANOPLE AND TO PAY NO INDEMNITY. LONDON, Nov. 26.—No change for the worse in the international political situation brought about by the war in the Balkans is visible today except insofar as the continued tension decreases the ability of diplomacy to resist a rupture. Great Britain, Germany and France all are giving counsels of moderation, both at Vienna and St. Petersburg. There also is reason to believe that Great Britain has given Serbia, as well as Russia, and France to understand that she has no interest in Serbia's demand for a port on the Adriatic Sea. She also has told them she has no intention of supporting Serbia's claim by force of arms nor of aiding any other power to do so.

CONSUL IS SAFE. The fact that the Austro-Hungarian consul at Prizrend has arrived at Uskup, thus disposing of the reports of his murder, ought to be helpful, in the opinion of diplomats, in bringing about a general improvement of the situation. The progress of the negotiations between the delegations of Turkey and of the Balkan allies at Tehtalja is still a sealed book. In diplomatic circles in London it is stated that Turkey has presented the following as an acceptable basis for an agreement: First—No war indemnity. Second—The retention by Turkey of the Maritza river, the fortress of Adrianople to be included. Third—The maintenance of the sovereignty of the Sultan of Turkey in Albania.

TROOPS NEAR DURAZZO. VIENNA, Nov. 26.—Serbian troops have reached Milosa, near the seaport of Durazzo, on the Adriatic sea, according to a wireless dispatch from the Austrian steamer "Wallerstein," which is awaiting Austrian refugees there. It is presumed in Vienna that the Serbians may have reached Durazzo today. TO FIX POSITIONS OF TROOPS. SOFIA, Bulgaria, Nov. 26.—The lines of demarcation between the Bulgarian and Turkish forces will be established today by commissioners appointed by the peace plenipotentiaries of the Balkan allies and Turkey to establish formally the existing positions of the opposing armies. The troops are to be confined to these positions pending the result of the negotiations.

Employees of Postoffice To Have Thanksgiving Off

Postmaster Schafer announced today that on Thursday next, Thanksgiving Day, there will be no deliveries of mail matter and the postoffice will be closed in all its departments. This will give the employees the entire day as a holiday, the first time they have enjoyed such a privilege for thirteen years past.

Congressman Knowland on Road to Swift Recovery

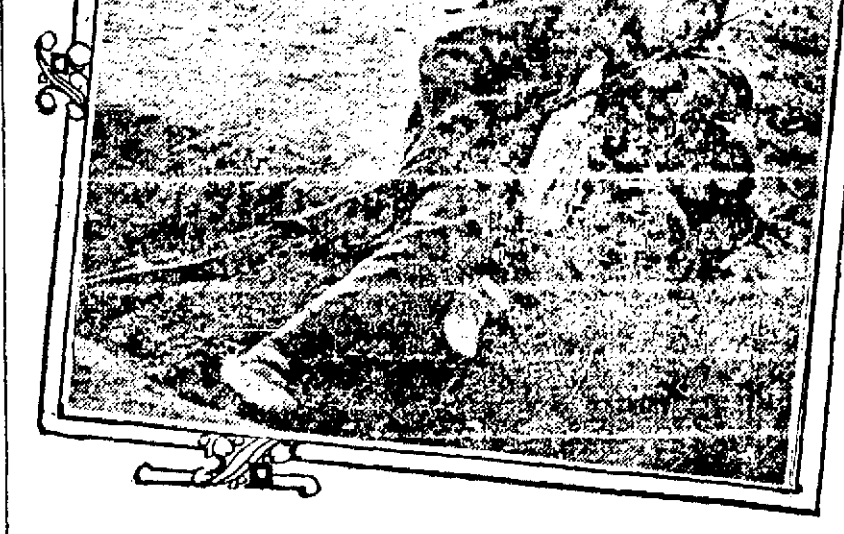

ALAMEDA, Nov. 26.—For the first time since taking to his bed on the night of November 15, after attending his father's funeral, Congressman Knowland was able to sit up in bed for a short time today. His attending physician, nurse and members of his family are greatly encouraged over his improved condition and all look forward to a complete recovery of his normal health within the next two weeks. Dr. G. P. Reynolds informed Mrs. Knowland this morning that the congressman would have to remain in bed for a week or so, but was making satisfactory progress and that in a short time he would be as well as ever.

Plan to Tax Consumers For Privilege of Drinking

LOS ANGELES, Nov. 26.—A plan to tax consumers for the privilege of drinking in bars was under consideration today by the police commission. The suggestion was made by a saloonkeeper as a solution to the problem of the saloon trade.

Two Miles of Petitions On Plea for Liberty Bell

SAN FRANCISCO, Nov. 26.—Two ships sailed for Philadelphia. The petition of 200,000 people, known as the Liberty Bell, was brought through the California school children who ask that the famous old Liberty Bell be brought here in 1915 for the Panama-Pacific Exposition.

King's Mother Dies Victim of Pneumonia

Countess of Flanders Succumbs in Her Sixty-eighth Year.

BRUSSELS, Nov. 26.—King Albert's mother, the Countess of Flanders, Princess Marie of Belgium, succumbed today to an attack of pneumonia. She was 68 years old. SECOND INDICTMENT. When the jurors had left the court, announced to Caruso that there was another indictment against him charging him with assault with a deadly weapon with intent to kill and that the court would release him on his own recognizance. The prisoner had taken oath to appear in court when summoned and was released. His wife, who was waiting at the rail behind the prisoner's cage, fell into his arms.

POPULAR VOTE OF STATE IS AGAINST ROOSEVELT

Commutation of Murderer's Sentence Influences Result in California

SAN FRANCISCO, Nov. 26.—Official returns, already canvassed by Secretary of State Jordan from all counties in the State, but Los Angeles, Alameda, Inyo and Mono, and unofficial returns from the missing four counties, give Griffin, first elector on the Democratic ticket, a plurality of 144 over Wallace, heading the Republican electoral ticket. Should the court decision, throwing out the entire vote of two Los Angeles county precincts stand, Griffin's lead will be increased by about 200 votes. In view of that, an official report was received from Los Angeles, that Wallace had 174 behind Wheeler, second on the Republican electoral ticket in that county. A peculiar development of the campaign is that Wallace's weakness in his home county is ascribed there to his commutation of the sentence of George Figueroa, a wife murderer. The commutation was granted during Governor Johnson's absence, while Wallace was Acting Governor, and to it must be attributed the fact that, on the popular vote, Roosevelt and Johnson seem now to have lost California.

Woman Chauffeur Is Shot to Death

LOS ANGELES, Nov. 26.—Police refuse to accept suicide theory and investigate. CHICAGO, Aug. 26.—Julia T. Sullivan, a 40-year-old woman, was found shot to death in her apartment early today. Although the police were told that she committed suicide, detectives were detailed to investigate.

Woman and Three Sons Are Burned to Death

NEWPORT NEWS, Va., Nov. 26.—Mrs. John C. Layman and her three young sons were burned to death today in a fire which destroyed a farmhouse of the Mennonite settlement in Warwick county. The house was occupied by several families, and a number of the occupants had narrow escapes.

Burglars.

Hereafter Oakland will be given a prominent place on the itinerary of all Cook's tourists who may come to the Pacific Coast, either on special excursions or around-the-world voyages. This announcement was made by George F. Harrison, American manager for the Thomas Cook Company, with agencies throughout Europe.

Harrison was the guest here of W. W. Keith, industrial agent of the San Francisco-Oakland Terminal Railways system, and was taken in an automobile all over this city and surrounding territory.

"I am perfectly astounded," declared Harrison. "I never before realized that the stories I have been hearing about Oakland were really based upon absolute facts. You may depend upon it that hereafter Oakland will be on all of our tours."

Harrison, while here, made arrangements with Manager Victor Reiter of the new Hotel Oakland to have the agency's tourists booked at that hotel during their stay in this city.

**Reduction of Tariff
On Lemons Imminent**

SAN BERNARDINO, Nov. 26.—Declaring that only by presenting indisputable facts to Congress could a reduction of the tariff on lemons be procured, Congressman John E. Rattray of Modoc county, who attended the conference of Congressmen and fruit growers here on means to maintain the present rate on imported citrus fruits, departed for Washington today.

Congressman Rattray said the situation regarding the tariff on citrus fruits was critical. Other members of the conference continued their work of obtaining facts and figures on the citrus industry today. They expected to complete their study tonight.

Cures a Cold in One Day, Grip in 2 Days**

SAN FRANCISCO, Nov. 26.—Imported Irish linens and valuable furs created for women's adornment, which filled four showcases in a lace house, 482 Sutter street, and valued at \$23000 were stolen by burglars, who entered the place at an early hour this morning.

The robbers jammed the front door took \$35 from the cash drawer, and then passing the bulking and less expensive articles, turned their attention solely to the lace collars and fixings, a white lace dress and a white silk coat, which were displayed in the window.

Detective Harrison found evidence that they had packed their loot in two suitcases. F. Endo, a Japanese, is proprietor of the establishment.

**China to Have First
Primary Election**

CHICAGO, Nov. 26.—A special telegram to the Chicago Daily News from Canton, China, today says:

"The first primary election of the republic of China for members of the house of representatives in Peking will take place in Canton December 2. The males of voting age in China, estimated to number 30,000,000, only 1,995,516 have qualified to vote."

**JURY COMPLETE FOR
TRIAL OF MRS. LESLIE**

SEFALIA, Mo., Nov. 26.—A jury for the trial of Mrs. Nancy Ellen Leslie arrested in Los Angeles charged with the murder of Mrs. Elizabeth T. Leslie, was completed this afternoon and the introduction of evidence begun. Counsel for the defense asked the jury would not be placed on the stand unless unexpected evidence was introduced by the State Attorneys, for both sides expected the case would be given to the jury no later than Thursday.

Cottolene makes a rich, crisp crust, without the suggestion of greasiness. Cottolene-made pie is digestible too. And—Cottolene is more economical than butter or lard, because you use one-third less. Moreover, Cottolene costs no more than lard.

Cottolene Pie Crust

Here is a recipe for one of the most delicious pastry dishes you ever ate—Grape Fruit Pie—made with Cottolene:

CRUST	
1 cupful of sifted flour	1/2 cupful Cottolene
3 teaspoonfuls ice water	A pinch of salt
FILLING	
3/4 cupful of sugar	Juice of 1/2 medium-sized grape fruit
2 rounding teaspoonfuls of corn starch	2 even teaspoonfuls Cottolene
Juice of 1/2 lemon	Grated rind of 1/2 lemon

DEMOCRATS GAIN POWER IN NORTH

The House Majority's Strength From This Side of Mason and Dixon Boundary.

WASHINGTON, Nov. 26.—It has been discovered by statisticians at the House that for the first time in the history of the lower branch of Congress, the Democrats of the North will outnumber their party colleagues of the South.

Never before has Democracy drawn its main strength from north of the Mason and Dixon line, but as the investigators figure it the party will have in the coming House 152 Northern Democrats and only 148 from the South.

In party caucuses, in case of a split on sectional lines, this would give the Northern Democrats a majority of 12. By reason of larger numbers, however, the Southern Democrats will control virtually all of the important committees of the House, and will be able to direct the business of the House.

LINER CARRIES BIG CARGO OF ROMANCE

Six Engagements, One Rejection and One Separation Is the Record.

SAN FRANCISCO, Nov. 26.—Three engagements, one rejected proposal and one separation following a marriage were nestled on the log of the Japanese liner Nippon Maru upon its arrival from the Orient yesterday. The record of romances being the most involved of any passenger-carrying steamer that time in and out of San Francisco.

The record, made during the outbound passage of the Nippon Maru, was as follows:

Engaged, married and separated: Miss R. Davis of California, engaged to A. H. Quaslo, civil engineer of Los Angeles, between Honolulu and Yokohama. They were married at Kobe by the American Consul General and separated at Shanghai after a disagreement.

Engagements: Miss Helen Zurbonsen of the German Navy and Lieutenant F. F. Rogers, U. S. N., attaché of the United States embassy at Tokyo.

Miss Marie Phillips, daughter of a millionaire planter and leather importer of Honolulu, and J. D. Halliday, newspaperman.

Lieutenant C. E. Lake, U. S. N., attaché of the United States embassy at Tokyo, and a Honolulu heiress, whose name is withheld by the officers of the Nippon Maru.

Rejected proposal: Mrs. F. Plomer, wealthy widow of London, who refused to accept the offer of marriage made by W. S. Boston, former American soldier in the Philippines.

WOULD SAFEGUARD CATTLE OF STATE

State Veterinarian Declares Much of Stock Is Afflicted.

SACRAMENTO, Nov. 26.—State Veterinarian Charles Keane has filed with Governor Johnson his annual report in which the appointment of a special commission is proposed to investigate the cattle industry of the State with a view to providing additional safeguards for cattle in order that the spread of infectious disease through dairy products may be reduced to a minimum.

The seriousness of the problem which is confronting stockmen and the public is emphasized in Keane's report in the statement that about 75 per cent of the cattle in the State are afflicted with tuberculosis. There are, according to Keane's computation, approximately 700,000 cattle in California used in the production of dairy products.

Keane comes in for little mention. Dr. Keane thinks this disease, although confined primarily to dogs will ultimately spread unless a better co-operation of county authorities and the public at large is effected.

LEADERS OF G. O. P. WILL REORGANIZE

Revival of the Republican Party Is Planned by Heads.

NEW YORK, Nov. 26.—Notable Republicans from New York, it is reported today by those conversant with the facts, have begun a movement for the reorganization of the Republican party, which is practically to start now, with the Progressives, headed by ex-President Theodore Roosevelt, are in charge planning for the reorganization of the Progressive movement. The Progressives are to establish in Chicago on December 10, where their state committee and county committees and leaders are to map out a program for the next four years.

It was announced last night that a great gathering of Republicans from all States is to be held at the Hotel Astor on December 11 and that the President is to be present.

President Taft, there are to be present Senator Robert La Follette, Governor Charles D. Miller, New York, Governor William W. Murray, North Carolina, and others from all the States. It is the intention to invite from all over the country, not only members of the party, but also prominent leaders of labor and all other who stand ready for Taft and Roosevelt on election day.

A convention will be a success, but it is not until after that will be the conference among the leading Republicans in the country to select a new party and to draw plans for the forward movement of the party.

It is stated that Dr. H. H. Hanna of Ohio, a powerful leader in the Progressive movement, is to go to the States to organize the party.

MINING CONGRESS TALKS LEGISLATION

California State Mineralogist Is Speaker at the Session.

SPOKANE, Wash., Nov. 26.—Discussion of proposed legislation for the protection of mining investors, led by W. H. Torms of San Francisco, state mineralogist, and of the need for revision of the mineral land laws, led by J. L. Steele of Valdez, Alaska, was the program for the forenoon session of the American Mining Congress here today.

Among the reports to be submitted was one from the committee on bureau of mines, by H. A. Lowrie of Portland, Ore., and one from the committee on general revision of the mineral land laws.

Features of the afternoon were to be the reading of a paper prepared by United States Senator Reed Smoot of Utah, on "The American Mining Congress and Its Relation to Federal Legislation," and an address by former Governor C. S. Thomas of Colorado on "Revision of Mineral Land Laws."

To bring about the widest possible discussion of mining on the questions the executive committee of the congress has ordered that the reading of papers be eliminated as far as possible and that the time be utilized by the delegates in discussing any plan they may have, provided their ideas be first presented in the form of a resolution for use of the resolutions committee, which is to compile one delegate from every state represented.

PRESIDENT SEES PICTURES OF CANAL

WASHINGTON, Nov. 26.—President Taft was deeply interested in the first production of nine rolls of moving pictures showing the progress of work on the Panama canal, which he has visited several times on official trips of inspection. The production today will be repeated tomorrow under the direction of the American Red Cross and the proceeds are to be devoted to the Balkan war funds. The President remained throughout the performance and when Rear-Admiral Chester paid a glowing tribute to Colonel G. W. Goethals, chief engineer of the work, Taft led in the applause.

CHARGES BRANDED UNTRUE BY DEBS

Declares the Conditions at Fort Leavenworth Prison Are Bad.

TERRE HAUTE, Ind., Nov. 26.—Eugene V. Debs, indicted by the federal grand jury at Girard, Kan., Saturday, appeared at his home yesterday, refuting the report that he had started for Fort Scott, Kan., on hearing of the indictment. In speaking of the case, Debs said:

"These indictments are based on an infamous lie. There was never an attempt by the officers of the Appeal to Reason to induce any witnesses to leave anywhere. I have recently been the candidate of the working classes for the Presidency. I suppose I can now be the candidate of the capitalist class for the penitentiary. Were the truth told about conditions in Fort Leavenworth prison, the world would stand aghast."

CRITICAL TIME OF WOMAN'S LIFE

From 40 to 50 Years of Age. How It May Be Passed in Safety.

Odd, Va.: "I am enjoying better health than I have for 20 years, and I believe I can safely say now that I am a well woman. I was reared on a farm and had all kinds of heavy work to do which caused the troubles that came on me later. For five years during the change of life I was not able to lift a pail of water. I had hemorrhages which would last for weeks and I was not able to sit up in bed. I suffered a great deal with my back and was so nervous I could scarcely sleep at night, and I did not do any housework for three years."

"Now I can do as much work as any woman of my age in the county, thanks to the benefit I have received from Lydia E. Pinkham's Vegetable Compound. I recommend your remedies to all suffering women."—Mrs. MARTHA L. HOLLOWAY, Odd, Va.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. We know of no other medicine which has such a record of success as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been the standard remedy for woman's ills.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

TOURNAMENT OF HEARTS

Most of the talk and interest in the highly anticipated tournament centered about the engagement announced yesterday with the arrival of the Nippon Maru.

Lieutenant Rogers met Miss Zurbonsen, daughter of the German admiral, when the liner was half-way to Honolulu. At the island port the young people went motoring, and took a dip in the surf at Waikiki. The engagement was announced to the passengers two days before the Nippon Maru reached Yokohama. Lieutenant Rogers is said to be contemplating a six months' leave of absence and a trip to Germany to claim his bride.

Lieutenant Lake, who is a chum of Rogers, was one of the most attentive suitors in the train of the Honolulu heiress, to whom he is reputed to be engaged. No announcement has been made of their engagement, it is said, because the heiress had been reputed to be betrothed to a wealthy Honolulu man.

J. D. Halliday, who announced his engagement to Miss Marie Phillips, was formerly employed on the Nippon Maru. He was on his way to Tokyo to accept a position, when he met the daughter of the Honolulu planter.

The outcome of the Quaslo-Davis romance was a disappointment to the officers of the Nippon Maru.

"They seemed to be the happiest couple in the world," said one of the officers, "and to learn that they had separated at Shanghai following their marriage."

For the soldier Rogers, who was so attentive to the widow Plomer, the poor chap appeared to be out of luck. Mrs. Plomer confided to us that she was intensely fond of Americans, but that she didn't propose to marry for the present.

WALERS SAVE MANY LIVES IN SHIPWRECK

ST. LOUIS, Mo., Nov. 26.—Stories of a brilliant rescue by whalers are told by the passengers and crew of the British steamship Orava, which was lost on the Hilly Rock, Falkland islands, on November 12. The whalers, it would have been known, were all "wrecked" and the entire cargo and the ship were lost.

The vessel dashed on the rocks, while steaming at six knots an hour, through a heavy rain and when the ship began to sink immediately. A small boat, out among the passengers and crew, took the whalers in the vicinity sent their small boats and took them off, as well as a portion of the cargo.

They were landed on the Falkland Islands and transferred to the steamship Orava of the same line, which brought them here.

Placed Train With Shift. The train, which was on its way to St. Louis, was delayed by a shift in the rails, which was caused by a heavy rain and the train was delayed for several hours.

"Fifty Years Ago, When Golden Wedding Rye Was Young"

"That's the one whiskey that I consider good enough to serve to my friends in my home."

We frequently hear this from critical judges speaking of

Finch's Golden Wedding Bottled in Bond

The reason is that Golden Wedding is made differently from all ordinary whiskeys. It is aged and matured in wood under Government supervision. But back of that is the special science of making which keeps the rare quality absolutely pure.

Golden Wedding is distilled only from the finest Rye and Barley Malt.

"Mrs. Green and Her Husband Dress Better Than We Do -- And They Spend Less, for Mrs. Green and I Talked It Over!"

And the Reason is That They Buy Their Clothes All on Credit--At Cherry's--And Save Money.

Now, John, you needn't look so skeptical--I used to think that things you bought on the installment plan cost much more than the same things bought for all cash.

But I know better now--for I have had the things proven to me in actual figures, by Mrs. Green.

It seems that for years they and all their family have made it a practice to buy their ready-to-wear garments at Cherry's. And they've kept account of their expenditures for clothes.

It actually figures out a big saving, in dollars and cents--and you don't need to be told that they always look splendidly dressed. In fact, that is the way the subject came up--through my asking Mrs. Green who her tailor is. She also showed me the loveliest set of furs she had just bought there that I have seen anywhere; it was a red fox set, and it matched her suit so nicely.

I think, John, that you and I can do as well as they do--and we can use that saved money to good advantage in paying for our home here. Let's go and see for ourselves just what they have at Cherry's.

Mrs. Green says that styles and varieties there are wonderfully wide--everything that's good is shown, and of course, at such reasonable prices, aside from the credit feature.

By all means go to Cherry's if you want real bargains.

MASKED BANDIT THREATENS DEATH

An armed and masked bandit held up J. L. Bartlett, 363 Fourteenth street, late last night at Thirteenth and Oak streets. A purse containing \$2 and some checks was taken by the robber, who escaped in the darkness. Bartlett reported the holdup to the police.

Bartlett was on his way home when the man stepped from a dark doorway and leveled a large, dark metal revolver at his head. Bartlett threw up his hands and the robber searched him. With a threat of death if he should call for help, the robber ran down the street and disappeared around the corner.

N. Hanlon, 707 Castro street, was returning to his home last night when an excited citizen ran into him, almost knocking him to the ground.

"What's the matter?" demanded Hanlon. "I was just held up by a bandit," the stranger gasped in explanation.

"How much did he get?" asked Hanlon. "Nothing," came the answer. "I ran away. I'm looking for a policeman now. I wish I was home in Berkeley. We don't have things like this happen in Berkeley."

Hanlon wanted to argue the matter, but the excited citizen recommenced his search for a policeman.

Hanlon reported the matter to the police, but up to a late hour last night the Berkeleyan had not found his policeman, as further reports of the holdup came to the attention of Night Captain J. F. Lynch.

Fair Motorcyclist Injured, but Plucky

OMAHA, Neb., Nov. 26.—One broken rib, a badly damaged eye and numerous other bruises which it took three weeks in a hospital to patch up, has not been sufficient to dampen the ardor of Miss "Cy" Woodman, who is motorcycling from New York to San Francisco. Miss Woodman spent last night in Omaha, guest of Postmaster Wharton.

Fifteen days of actual running time was used by the cyclist from New York, which is near the record. She received her hardest bump near Des Moines, where she undertook to "take" a sandbar at the foot of a hill while she was traveling thirty-five miles an hour. A skidding accident on Broadway in New York City and a collision with a couple in Chicago were other exciting experiences of Miss Woodman.

WILL TRADE MATCH PLANT.

CHICAGO, Nov. 26.—The Diamond Match Company, operating large factories and mills in this city, is negotiating with Thomas B. Walker, the millionaire timber land man, for a trade of his holdings and mills in Tehama county for a large tract of timber land in Plumas and Lassen counties. This tract can be seen worked from the stirring city mills of the Diamond Match Company. It is given out that the company will abandon entirely its Tehama county plant and woods and devote its entire energies to working up its timber in the Butte, Lassen and Plumas fields.

PARCELS POSTS STAMPS TO BE USED AFTER JAN. 1

Regulations for Sending Packages Through Mails Are Issued

United States Postoffice, OAKLAND, Nov. 26, 1912. EDITOR TRIBUNE: The following order and notices were issued from the office of the postmaster general:

PARCELS POST.

Shortly before January 1, 1913, each postmaster will be furnished with one or more copies of the official parcel post map of the United States, showing the unit of area in which his postoffice is located and the eight postal zones indicating the distances on which the parcel post rates of postage are based. These maps will be securely enclosed in a mailing tube and sufficient copies will be sent so that at least one map will be immediately available for each postoffice, branch postoffice and lettered and local named station.

At the same time there will be furnished to each postmaster a supply of copies of the Official Parcel Post Guide, a publication that will show the unit of area in which every postoffice in the United States is located. This guide will contain full information as to its use in conjunction with the map and will also contain the regulations approved by the postmaster general for the conduct of the parcel post service.

On account of the increase in weight limit from four to eleven pounds it will be necessary to supply postmasters with scales of adequate capacity. It is expected that every presidential postoffice and the majority of the offices of the fourth class will be properly equipped in this respect by January 1, 1913. Offices of the fourth class that do not receive suitable scales by that date will be supplied as promptly as possible thereafter and are expected to meet the emergency with their present weighing facilities or by such other means as they may be able to devise without expense to the department.

Distinctive parcel post stamps will be issued to postmasters. On and after January 1, 1913, ordinary postage stamps will not be valid for postage on fourth class matter.

The widest publicity should be given immediately to the following features of the proposed parcel post regulations:

That distinctive parcel post stamps must be used on all fourth class matter beginning January 1, 1913, and that such matter bearing ordinary postage stamps will be treated as "held for postage."

That parcels will be mailable only at postoffices, branch postoffices, lettered and local named stations and such numbered stations as may be designated by the postmaster.

That all parcels must bear the return card of the sender; otherwise they will not be accepted for mailing.

Respectfully,

PAUL SCHMIDT, Postmaster.

Hereafter fourth class mail matter shall embrace all other matter, including farm and factory products, not now embraced by law in either the first, second or third class, not exceeding eleven pounds in weight nor greater in size than six feet in length and girth combined, nor in

form or kind likely to injure the person or any postal employee or damage the mail equipment or other mail matter and not of a character perishable within a period reasonably required for transportation and delivery.

The rate of postage on fourth class matter weighing not more than four ounces shall be 1 cent for each ounce or fraction of an ounce; and on such matter in excess of four ounces in weight the rate shall be by the pound, hereinafter provided, the postage in all cases to be provided by distinctive postage stamps affixed.

RATE FOR PACKAGES.

On all matter mailed at the postoffice from which a rural route starts, for delivery on such route, or mailed at any point on such route for delivery at any other point thereon, or at the office from which the route starts, or on any rural route starting therefrom, and on all matter mailed at a city carrier office or at any point within its delivery limits for delivery by carriers from that office or at any office for local delivery, 3 cents for the first pound or fraction of a pound and 1 cent for each additional pound or fraction of a pound.

For delivery within the first zone, 50 miles, 5 cents for the first pound or fraction of a pound and 2 cents for each additional pound or fraction of a pound.

For delivery within a second zone, 150 miles, 6 cents for the first pound or fraction of a pound and 4 cents for each additional pound or fraction of a pound.

For delivery within a third zone, 300 miles, 7 cents for the first pound or fraction of a pound and 5 cents for each additional pound or fraction of a pound.

For delivery within a fourth zone, 600 miles, 8 cents for the first pound or fraction of a pound and 6 cents for each additional pound or fraction of a pound.

For delivery within a fifth zone, 1000 miles, 9 cents for the first pound or fraction of a pound and 7 cents for each additional pound or fraction of a pound.

For delivery within a sixth zone, 1400 miles, 10 cents for the first pound or fraction of a pound and 8 cents for each additional pound or fraction of a pound.

For delivery within a seventh zone, 1800 miles, 11 cents for the first pound or fraction of a pound and 9 cents for each additional pound or fraction of a pound.

For delivery within the eighth zone, which includes all outside the seventh zone and between the Philippine islands and any portion of the United States, including the District of Columbia and the several territories and possessions, 12 cents for the first pound or fraction of a pound and 12 cents for each additional pound or fraction of a pound.

The postmaster general shall make provisions by regulations for the indemnification of shippers for shipment injured or lost, by insurance or otherwise, and, when desired, for the collection on delivery of the postage and price of the article shipped, fixing such charges as may be necessary to pay the cost of such additional service.

HOLIDAY BILL AT BROADWAY EXCELS

The management of the Broadway theater has prepared a special holiday bill for this week, beginning tomorrow, which is one of the best ever produced on a local stage. Paul Spadoni, a heavy weight pugger of European fame, will head the week's entertainment. Spadoni was a visitor in America several years ago when he made a tour of the different cities of this country. During the time of his exhibition here, Spadoni amazed his audiences by his feats of strength. Cannon balls, caissons and other heavy weapons of war are like toys in his giant's hands and his sanguine manner of juggling them offers his audience delightful thrills.

Other features of the new bill will be a musical farce capably handled by Graham, Dent Company. Graham, who leads the farce, is well adapted to his part of Jack Pontilux and keeps his hearers laughing all the time. Hellstrom and Mahre, Swedish singers; Dot Harris, dainty singing soubrette; Burton, "The Man That Sings," and a reel of motion pictures taken through Oakland, will complete the bill.

Thousands Idle as Result of Strike

PITTSBURGH, Nov. 26.—Ten thousand men employed at the Edgar Thompson plant of the Carnegie Steel Company at Fredricksburg and at Homestead are idle today as a result of the strike of engineers and firemen.

CHINESE COME TO STUDY.

WASHINGTON, Nov. 24.—Five young Chinese, somewhat awed by the vastness of the United States, arrived today to launch themselves on an educational career. They were quartered in the local Young Men's Christian Association. The Chinese students are Li Tsau Ling, Hu Hui Yuen, Wang You, Wang Ti Chong and Chow Liu Hui. The first two will enter Yale University and the Massachusetts Institute of Technology, while the others will pursue their studies further before taking the entrance examination for any college.

LAWYER ARRESTED ON FELONY CHARGE

Attorney G. G. Kennedy Is Accused of Coaching Witness.

Attorney G. G. Kennedy was arrested in his office at 1007 Broadway this morning by inspectors Hodgkins and Gallagher on a complaint issued by Deputy District Attorney Smith charging him with subornation of perjury following confession made by Peter Peff, who is held for trial in the Superior Court on a perjury charge.

Peff, it is alleged, confessed to Deputy Smith that he had taken the stand in the divorce case of Olive Howell against Jesse Howell and recited circumstances which had never taken place for the purpose of prejudicing the court in favor of Howell so that his wife would not be awarded alimony and the custody of their child.

SAYS HE WAS COACHED.

That Attorney Kennedy had coached Peff as to what he would testify on the stand was the substance of Peff's alleged confession. He said, it is declared, that he had gone to the attorney's office and rehearsed the answers that would be put to him during the trial of the case. When Peff took the stand on October 17, late in the afternoon's session, he became so confused that Superior Judge Waste denounced him at the time saying:

"You are guilty of the most despicable thing that a man can do. Any person who will take the stand and attempt to swear away the character of a woman in this manner is beneath contempt."

The court then ordered that Peff, the witness, be taken into custody and he was lodged in the county jail. He was held to answer on November 29 with bonds fixed at \$2000 in the police court and then returned to the county jail.

HEARING DELAYED.

Peff was to have had his arraignment this morning but owing to the press of other matters occupying the court's time the case was continued until this afternoon.

According to his alleged declaration to Deputy District Attorney Smith, Peff will plead guilty to the charge standing against him and take his punishment. It is believed that he will be used as a material witness against Attorney Kennedy, who will be held responsible for having induced the man to testify falsely.

During the Howell divorce proceedings Peff testified that he had accompanied Mrs. Howell on night rounds of the cafes and that he had drunk with her on such occasions. By competent witnesses Mrs. Howell refuted the allegations and showed to the court that she had been at home with her child at the times mentioned by Peff.

ALL'S WELL WITH THIS WORLD, SAYS CARNEGIE

NEW YORK, Nov. 25.—The universe is well, according to a sweeping diagnosis of affairs which Andrew Carnegie made in a genial philosophical mood on his 74th birthday yesterday. He said that any one who believed the country was going to the "bow wows" was sadly mistaken. "We pick our own kings," he said in commenting on the elections, "and we always pick good ones."

"Do you know the reason I'm so happy?" he asked. "It's because I have a higher opinion of the human race than ever and this higher opinion is caused by knowing many men and women."

"Women," he continued, after a pause, "women have attained an almost angelic height."

AUTOIST RUNS DOWN OAKLAND BICYCLIST

While riding a bicycle at Eighth and Market streets last evening, E. F. Ruben, of 827 Thirty-fourth street, was

struck by an automobile driven by W. S. Oxley of 611 Eleventh street. He was thrown to the ground and received severe lacerations about his face, which were dressed at the receiving hospital by Dr. Irwin.

NEW SINGER WINS FAME.

BOSTON, Nov. 25.—Society came out in full strength last night to give its customary brilliant setting to the opening of the grand opera season at the Boston opera house. For the premier performance of its fourth season, which is to extend over eight weeks, the Boston opera company presented Offenbach's "Tales of Hoff-

man," under the leadership of Conductor Andre Caplet. The occasion was marked by the first appearance in this country of Mile. Louise Edvina, who was given an ovation as Antonio, while Edmond Clement appeared for the first time in the role of Hoffman.

POVERTY CAUSES SUICIDE.

SAN FRANCISCO, Nov. 25.—Driven to suicide by poverty, Adam Fernz, a German mechanic, was found hanging in a closet adjoining his room in the hotel at 132 Embarcadero this morning. The discovery was made by C. W. Brandliss.

ATTEMPT TO LAND CHINESE SLAVE-GIRLS FAILS

PLOT IS BALKED BY OFFICIAL'S HONESTY

Inspector Deasy Refuses to Accept Bribe Offered by Chinese.

Women Disguised as Coolies Are Brought Here on Liner.

SAN FRANCISCO, Nov. 26.—A bold attempt to land four Chinese slave girls, disguised as coolies, from the steamship Nippon Maru, accompanied by the attempt to bribe Customs Inspector W. H. J. Deasy, was frustrated by the latter at a late hour last night and Leung Moon, the interpreter of the vessel, and the four women are under arrest.

Deasy was offered \$10 in excess of his entire year's salary if he would stand calmly by and let the four shuffling figures pass him and make their way down the Pacific mail dock without interference. He was not tempted, however, and as the result two separate investigations are being conducted this morning.

Discovery of the plot, however, reveals the fact that one of the customs inspectors must have already been in communication with the smugglers, as Deasy claims the interpreter approached him as though he had already had knowledge of and had acceded to the plan.

ALL WAS NOT WELL. Deasy was standing near the gang plank of the vessel when a figure stole to his side and whispered, "Everything is all right, we are going ashore now. I have the \$250 for you. Myself and my friends are all ready."

In back of the speaker Deasy noticed four other persons, apparently Chinamen, attired in overcoats and with slouch hats over their eyes.

"What friends? I have to see about this," he replied. "It is all fixed, you know," replied Leung Moon, whom Deasy accuses, talking in pigeon English.

"I'll make it \$350," said the Chinese.

TAKES FIVE IN TOW.

Then the officer took the five in tow and marched them down the wharf. While on board the ship, he says, Leung increased the bribe money to \$1000. Deasy's yearly stipend is but \$960, but he refused the offer and telephoned Deputy Surveyor Stevens. The four supposed coolies were taken once more on board the ship and locked in one room under guard, while the interpreter was placed in another. This morning the discovery was made that the prisoners were not coolies but slave girls. They gave their names as Tai Mui, aged 18; Ah Moy, aged 18; Tai Yoi, aged 18; and Ah Yin, aged 21.

This morning the four women were taken, together with Leung Moon, before Stevens, who began his investigation.

MANY CHANGES MADE. "It would seem as though an arrangement had been made with some customs officer," declared the official. "We have been gradually shifting men in our department and weeding out others, in order that we may have a strictly honest force. Deasy's integrity was well shown last night when he refused more than a year's pay and exposed the plot."

William H. Avery, manager of the Toyo Kisen Kaisha Steamship Company, began an inquiry as to how it was possible for four women to make the trip on the Nippon Maru, smallest vessel on the line from Hongkong without being noticed by passengers or by the ship's officers. At least some of the latter or some members of the crew must have been in collusion to land the slave girls in this country.

Following the investigation in Stevens' office the women were taken to the immigration camp at Angel island and will be deported.

EIGHT DEAD, 24 HURT IN EXPLOSION

Corn Products' Plant Wreck May Hide Bodies of More.

WATKIN, Ill., Nov. 26.—The number of dead, injured and missing as a result of the explosion in the plant of the Corn Products Refining company here yesterday was found to be materially smaller than at first believed, after officials had a chance to make a careful canvass of the situation.

Early today eight persons are known to be dead; four are missing and there are 24 injured at Jane Galester hospital. Yesterday was found to be a precarious condition. Only one of the dead remains unidentified.

The fact that all of the persons in the vicinity of the building at the time of the explosion were in the building made the first search for the dead.

Fifteen men and police are still working in the ruins in search of more bodies and it is feared that the death list may be increased.

WM. B. HARDY, OAKLAND PIONEER, DIES
FALL SUFFERED RECENTLY HASTENS END

THE LATE WILLIAM B. HARDY, WHO WAS THE PIONEER BOOKSELLER OF THE CITY OF OAKLAND.

Many Relatives and Friends Mourn Passing of One of City's Earliest Residents

When William B. Hardy, his wife and one child crossed the plains in an emigrant train, sixty years ago, they dropped into the Livermore valley with only their hands and brains as a means of livelihood in the new El Dorado.

Death, last night, came upon Hardy, senior after he had achieved many years of usefulness to the community, and had built up a profitable business, and had seen his family increase and become prominent citizens of the state. The end was precipitated by a fall which he suffered a few days ago. The aged pioneer passed away quietly last night at the family home, 2045 Richmond avenue. He was 82 years of age, and is survived by a widow, Mrs. Emma M. Hardy, aged 78; four daughters: Mrs. A. C. Denison of Oakland, Mrs. H. C. Rogers and Mrs. George H. White of Los Gatos, and Miss Lillie V. Hardy of Oakland.

Besides the four daughters, there are seven sons, two of whom, Sam and Sumner Hardy, were the former tennis champions of the state. In addition to those mentioned, there are Charles G. Hardy of London, Dr. Frank Hardy, a dentist of Stockton, and Wright B. Hardy, who conducted the book store on Broadway, which their father founded.

BORN IN NEW YORK. The elder Hardy was born in Oswego county, New York, March 21, 1827. His parents were John and Elizabeth (Moore) Hardy, the father being a native of Scotland and brought to America by the paternal grandfather when he was but four years of age.

When 13 years of age William Barnet Hardy accompanied his parents from New York State to Michigan, and there in the vicinity of Detroit he spent the remaining years of his boyhood. He received a good education through the medium of the public schools and also private institutions, his first occupation in manhood being as a teacher in the schools of Michigan. Later he taught in Illinois also, following other employment during a part of his time being located in the pioneer of Michigan and in Calhoun county, Ill. In St. Louis, Mo., November 12, 1852, he married Emma

M. Bacon, a native of Calhoun county, Ill., and daughter of Orin Creighton and Sarah Ida (Monte) Bacon, settlers of that portion of the Prairie State in 1825, when it was largely given over to the huts of the red men.

CROSS PLAINS. In 1854 Hardy and his wife outfitted for the perilous trip across the plains. Joining a train bound for California, which they reached without any serious mishap. They remained in San Jose for a short time, then bought a ranch in Alameda county, near San Leandro; he secured a squatter's title to his property, and in the conflicts that followed over land rights, left the property.

Returning to Oakland in 1858, he engaged in business with his brother-in-law, W. B. Bacon, in the express and mercantile business. They continued their partnership for about three years, when Hardy purchased the entire interest and carried his mercantile operations for many years. He acquired considerable means during the passing years, but met with some reverses in 1893, the year of his widespread panic. After that he sold his business, which consisted of one of the finest book and stationery stores in Oakland, to his sons, and they are now managing this enterprise on Broadway. Hardy retired and spent the evening of his days in a comfortable little bungalow home on the Richmond boulevard.

WAS PUBLIC OFFICIAL. During the many years of his residence in Oakland Hardy took a keen and practical interest in all movements looking toward the betterment of the general welfare. He served as supervisor at the time the courthouse was built, also served as a member of the board of trustees of the public schools at the time it was changed to the board of education. His voice was always heard in matters of public improvement, and his suggestions proved practical and beneficial. He was elected justice for fraternal organizations, although he was at different times identified with the Independent Order of Odd Fellows, and the Ancient Order of United Workmen. The funeral will be strictly private.

SAN FRANCISCO, Nov. 26.—To the thunder of international salutes ashore and afloat, Portugal took title today to the site on which will rise her pavilion in position in 1915.

In accepting the deed, Commissioner General G. C. Dalabade Freitas, who is also Portuguese Minister to China and Japan, said in part:

DEFICIT FACED BY SCHOOL BOARD

New Business Manager Warns Directors That Funds Are Being Overdrawn.

Construction of New Building May Be Delayed on Account of Steel Work.

"Requisitions are going through at the rate of 200 a month. If this keeps up many budget estimates will show a deficit in another month."

This was the warning issued to members of the board of education last night by A. C. Barker, the new business manager. Director Matt Bronner and Superintendent J. C. McClymonds added their voices to Barker's warning. McClymonds declared that the only hope against a deficit lay in the possibility that he had underestimated the revenue to be derived from the state.

"I think that I and Secretary York figured it out pretty closely," he said; "and I am very much afraid that we will face a serious deficit."

ESTIMATE CUT \$40,000.

The board of supervisors cut approximately \$40,000 from the department's budget demand of \$725,000. As 90 per cent of the budget's estimates were for teachers' salaries and supplies, which could not be cut, the board was faced with the problem of how to carry out its plans for general repairs and improvements and at the same time to pay \$40,000 from their estimates.

The matter came up last night when the board sought to appropriate funds for the purchase of musical instruments for schools of the city bands. The sum of \$3500 had been named in the budget for this purpose, but now it appears as though that amount would have to be included in the \$40,000 pruned from this year's income.

PURCHASE FAVORED.

The board finally decided that there was no way at present by which they could purchase the instruments, though they went on record as favoring such action if it became possible in the future.

This will be a sore blow to many schools, especially at the Durant, where there is a grammar school band of 60 pieces. Sylvanus Dunbar, principal of the Durant school, pleaded with the board that they at least purchase a few of the necessary instruments for the children themselves. They remained in San Jose for a short time, then bought a ranch in Alameda county, near San Leandro; he secured a squatter's title to his property, and in the conflicts that followed over land rights, left the property.

Returning to Oakland in 1858, he engaged in business with his brother-in-law, W. B. Bacon, in the express and mercantile business. OAKS SECURE TWO NEW PLAYERS

Horace Fogel Resigns When Called Before Baseball Magnates.

"More Politics Than Solitude in This," Declares the Former President.

AUBURN, N. Y., Nov. 26.—Secretary Farrell of the National Association of Professional Base Ball Clubs today announced that the following players have been released by purchase:

By purchase, by Newark to Los Angeles; Loney, by Spokane to Sioux City; Johnson, by St. Joseph to Los Angeles; Daley, by Los Angeles to Philadelphia; American League; Crabb, Maggart and Bailey, by Philadelphia, American League, to Los Angeles; Elliott, by Nashville to Vernon; Schinn, by Buffalo to Oakland; Blue-jacket, by Los Angeles to Bloomington; Goodhue, by Vancouver to St. Paul; Busch, by New Haven to Missouri; Hunter, by Portland to Denver; Hauser, by Paris to Vancouver; Colligan, by Des Moines to San Francisco; Mordcau Brown, by Chicago, National League, to Louisville; Ness, by New Bedford to Oakland.

FOGEL RESIGNS.

NEW YORK, Nov. 26.—H. Fogel, president of the Philadelphia National League base ball club, tendered his resignation to the National League magnates in session here this afternoon. He took this action suddenly and without explanation before the assembled associates had had time to consider the charges against him of having made statements reflecting on the integrity of National League umpires.

Fogel said the league magnates that he would fight the charges preferred against him by President Lynch and said he hoped that the meeting, which would be continued, it was said on behalf of the magnates that these would be done. Fogel said that he still retained a majority of stock in the club and that he had resigned as president for the good of the club. He had fifteen witnesses, he said, to testify in his behalf at the hearing. St. Louis dispatches have been here to testify against him.

It was also announced that Alfred Wiler of Philadelphia had been elected president of the Philadelphia club at a meeting held on November 22. Wiler represented the club at the session today.

Wiler is a lawyer and a stockholder in the Philadelphia club. Notwithstanding Fogel's resignation, it is understood the investigation into the charges against him will go on and will be cleared up.

It was also heard this afternoon that Christy Mathewson, the star pitcher of the New York Nationals, had obtained sufficient financial backing to purchase the Philadelphia club.

Owing to the death of John T. Brush, the league magnates, earlier in the day, had decided to postpone until tomorrow the hearing of the charges against Fogel, involving his alleged statement that the pennant race had been "fixed." The resignation was a surprise to the league officials.

Fogel said this afternoon that he did not know and had never heard of W. S. Forman, the Chicago newspaper man, quoted in dispatches from there today as saying that he "had Fogel's own word for it" that Fogel made the charges leading to the present controversy to help "Murphy fight his battles in the National League."

"There is more politics than real solidarity for base ball behind this whole affair," continued Fogel. "All of these claims were started by Lynch in an effort on his part to gain sympathy for himself in his efforts for reelection as president of the National League."

"I have nothing whatever to say concerning Mr. Forman," was the only comment on the Chicago dispatch that C. W. Murphy, president of the Chicago Nationals, would make.

ACCUSES MURPHY.

CHICAGO, Nov. 26.—Under the caption, "Murphy Accuses Fogel," the Chicago Evening Post, in a signed statement today, charges Charles W. Murphy, president of the Chicago National League Club, with being the instigator of the "story" which resulted in charges being preferred against Fogel.

Forman is in New York prepared to testify before the National League meeting. The Fogel story attacking President Lynch and his umpire system recently appeared in the Post. Regarding it, Forman says:

"Charles W. Murphy authorized me to tell Fogel that Murphy had suggested writing the story, on this representation, Fogel wrote it and signed it. He sent it to Murphy, who read it before I ever saw it. It came to me from Murphy's office, and it was never published. The man who is morally responsible for that article and the charges it contained is Charles W. Murphy."

Fogel's own word for it that he wrote it simply to help Murphy fight his battles in the National League."

WOMAN IS POISONED.

SAN FRANCISCO, Nov. 26.—Mrs. T. H. Tavenor, of 2353 Golden Gate avenue, was seized with an attack of poisoning yesterday as the result, she believed, of eating a quantity of mushrooms for breakfast. Her husband hurried her to the Park hospital in an ambulance and after treatment by Dr. Miller she was able to be taken home again.

J. T. BRUSH IS DEAD; ILLNESS WAS LONG

Passes Away While Being Rushed to California for His Health.

Millionaire Owner of the New York Nationals Expires in Private Car.

ST. LOUIS, Nov. 26.—The body of John T. Brush, millionaire owner of the New York National League base ball club, who died early today in his private car near Seeburger, Mo., arrived here this morning. In the car accompanying the body were two nurses, a valet and a railroad man.

The body will be taken to Indianapolis, where the funeral will be held at the home of Brush's daughter.

Brush, who was seriously ill when he left New York Sunday, failed rapidly on the trip. At Indianapolis yesterday the railroad company considered detaching the baseball magnate's private car because of his serious condition, but they decided to attempt to rush him to the Pacific coast.

END IS PEACEFUL.

Brush died of locomotor ataxia in his private car "Oceanic" just as a Burlington train to which the car was attached was pulling into Seeburger, Mo., 36 miles north of here, at 12:15 o'clock this morning. His end was peaceful, although he had been in ill health for more than a year.

Although Brush was in St. Louis for more than an hour last night, his presence was not known outside of railroad circles. He was taken from New York Sunday night and arrived here last night at 10:18 o'clock. At 11:25 he was taken from the train to a private car, having been transferred from the "Big Four" to the Burlington. He resumed his trip westward, with San Francisco in view. The flying trip across the country was begun in a desperate effort to better the baseball magnate's health.

Although railroad officials were notified immediately of Brush's death, his car was pulled to Louisiana, Mo., before being detached from the train. After an interval it was attached to a southbound Burlington train due in St. Louis at 6:30 o'clock this morning.

Up to Sunday night, it is said, Brush had not left his residence in New York for about a year. He was taken last winter to San Antonio, Tex., and while there was so weak that the report was sent out that he was dying.

Brush was from a family of a clothing shop in Indianapolis to the ownership of the New York team.

DEATH WAS EXPECTED.

NEW YORK, Nov. 26.—The news of John T. Brush's death was not unexpected by his family and friends here. The death even of the New York National League team had been at death's door for some time and the long trip to sunny California was a last resort. On Sunday night Brush was carried from his hotel and placed in his private car in a semi-conscious condition. He was accompanied by several physicians.

Brush had been a sufferer from locomotor ataxia for many years. In 1910 he was critically ill, but after spending the winter in Florida came back to New York which improved and took up his business affairs again. His health continued to improve until September 11, when he met with an automobile accident in which he sustained a broken hip. A fracture of the hip in a man of Brush's age was back to New York which improved and took up his business affairs again.

JUDGE FROWNS ON TVEITMOE AND SMILE

Anderson Orders San Francisco to Sit Among Other Defendants.

McManigal Insists on Bringing Hockin into the Case.

INDIANAPOLIS, Nov. 26.—Adhering to its argument that the dynamiters who already have confessed alone were responsible for explosions the defense, at the "dynamite conspiracy" trial today, continued its cross-examination of Orin E. McManigal.

Olaf A. Tveitmoe, of San Francisco a defendant, who had been sitting at counsel's table since the trial began, was ordered by Judge Anderson to sit among the other defendants.

"I notice there is a perpetual smile on the face of the defendant, Tveitmoe, while the witness is being examined," said Judge Anderson. "I will not permit any demonstration, whether by smiling or otherwise."

Senator Kern, chief counsel for the 45 defendants, filed McManigal with questions intended to show that the dynamiter kept as secluded as possible while on his trips of destruction.

WANTED NO PUBLICITY.

"When I went to Boston to see Michael J. Young, the iron workers' business agent, about blowing up the tower on the municipal buildings at Springfield, Mass., in April, 1911, Young called me down," said McManigal. "He said he had told J. T. McNamara I was not to stop at Boston and Young did not want to be seen with me."

"Did not McNamara tell you always to see as few people as possible, and did not you receive your instructions from McNamara alone?" asked Senator Kern.

"From McNamara and Herbert S. Hockin. Once when Hockin instructed me I told him if I was caught we all would be caught."

"But you never got any instructions about jobs to be blown up from any one except McNamara?"

"I said McNamara and Hockin. Young, in Boston, talked to me about doing work for the local union, but I told him I worked only for the International."

Before two explosions on a viaduct at Springfield, Ill., on March 8, 1911, when \$15,000 damage was done, Patrick J. Murphy testified he was visited by Fred Spears, a union official, and told by Spears that if the job was not done it would be "put on the bum."

When the defense objected, District Attorney Miller said:

A varied program, including a fancy dress contest, a chicken supper and a card tournament will be given by the organization in Odd Fellows hall, Wednesday, December 4.

The National Women's Improvement Club, of which Phoebe A. Hearst is an honorary member, ranks high among similar organizations throughout the State. It was formed in March, 1908, by progressive women of the community, and has accomplished many important improvements.

WALNUT CREEK LOSES PIONEER RESIDENT

WALNUT CREEK, Nov. 26.—Old age, together with the effects of an injury received at a fall a few years ago, was the cause of the death of Mrs. Emma R. Anderson, one of the best known pioneer residents of this section of Col. Co. and one of the few women of this state and in 1852 had left her home in Missouri, accompanied by her husband, John, to settle in this country. She was always a devoted wife and mother, and was always with an excellent, six months time was consumed in the journey, which was fraught with many hazards incident to the life of the argonaut.

The couple resided in Sonoma county for many years. The deceased is survived by her son, William E. Anderson, it. L. of this town; L. B. Anderson of San Francisco and E. R. Anderson. The funeral will be held at 2 o'clock to-day at the residence of the deceased.
